

SUPPLY CHAIN CONTROL TOWER

VIDEO TRANSCRIPT

Supply chain visibility is critical to managing through disruptions. But companies need more. They also need to rapidly respond to what they see. Accenture's Supply Chain Control Tower provides end-to-end supply chain network visibility and autonomous execution, so you can act and react quickly. It brings together people, processes, new ways of working, technology infrastructure, and data, to provide actionable insights. Insights supply chain leaders need to orchestrate change, simplify life, and positively impact business, society and the planet. And that means greater overall enterprise value. A Supply Chain Control Tower--it's what companies need to thrive and survive in today's disruptive, ever-changing world.
