MANAGE MYBUSINESS | FUTURE SYSTEMS

VIDEO TRANSCRIPT

0:00
at Accenture we've embraced adaptable
0:02
boundary lists and radically human
0:04
systems what we call future systems that
0:08
seamlessly adjusts to business and
0:10
technology changes systems that are
0:12
powered by trusted data and intelligent
0:14
technologies and that live in the cloud
0:16
one example of this is manage my
0:18
business a tool that lets teams sell
0:21
manage and deliver work to our clients
0:23
this AI powered platform gives our
0:26
client account leaders financial and
0:28
operational information from many
0:30
different sources so that they can make
0:32
more effective business decisions manage
0:35
my business makes data widely available
0:36
across client teams and portfolio

0:39
leadership and it also combines core
0:41
revenue sales and probability
0:43
information while isolating drivers of
0:46
business problems and suggested
0:48
improvements our leaders can scale
0:50
business dialogues faster across more
0:52
stakeholders and continuously innovate
0:55
and drive the adoption of new AI powered
0:57
solutions for the future now if Center
1:00
teams can spend less time on
1:02
administration and more time on client
1:04
outcomes
1:05
